

WOW!

Walk on Wednesdays is a year-round walk to school challenge. The theme for this year is Walk the Americas and each child has the opportunity to collect 11 badges all based on this theme.

All we ask you to do is work towards walking more to school. This has many benefits for everyone's health, wellbeing and for the environment.

Every Wednesday, the class teacher will log how the children came to school and at the end of each month, the badges will be distributed to those who have walked at least one Wednesday in that given month. Four times would be even better!

We understand that everyone may not be able to walk the full distance to school. Park and stride (parking a short distance away from the school and walking the rest of the way) gives children the opportunity to walk to school too. There are lots of options.

We hope you enjoy walking to school.
