Scotland mankind we live, we

We have the highest expectations of ourselves as a school, and are keen to ensure that we continue to go from strength to strength. In March 2020 we invited an external organisation called Challenge Partners to carry out a review of our school.

We were awarded the highest grade of **‘Leading’** in all areas; we have been advised that this is only awarded to the top 10% of schools.

# Broad and Balanced Child-Centered Curriculum

In Reception, children work towards the Early Learning Goals and the National Curriculum begins in Y1.

All subjects are valued so children develop into well-rounded informed individuals. We do not narrow their curriculum and we celebrate children's achievements in all subjects.

## Passionate and Dedicated Staff

*'A love of learning is fostered through the infectious enthusiasm, passion and commitment all of staff who have extremely high expectations of themselves and their pupils. They want the very best for the pupils in their care both academically and socially. High levels of nurture and support enable pupils to be resilient and feel confident to try new challenges without fear of failure.'*
