1. Purpose of Plan

This plan shows how St Mary's Catholic Primary School intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/ carers and visitors. The Accessibility Plan is structured to complement and support the school's Equality objectives, and will similarly be published on the school website. We understand that the Local Authority will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty.

2. Definition of disability:

Defined by the Disability Discrimination Act (DDA) 1995 A person has a disability if he/she has a physical or mental impairment that has a substantial and long-term adverse effect on his/ her ability to carry out normal day-to-day activities.

3. Principles

The SEN and Disability Act (2001) extended the Disability Discrimination Act (2010) to cover education. Since September 2002, the Governing Body has three key duties towards disabled students under part 4 of the DDA

- Not to treat disabled students less favourably for a reason related to their disability
- To make reasonable adjustments for disabled students, so they are not at a substantial disadvantage
- To plan to increase access to education for disabled students, where such improvements to access have been identified.

We are working within a national framework for educational inclusion provided by:

- Inclusive School (DfES 0774/2001)
- SEN & Disability Act 2001
- The SEN Revised Code of Practice 2002
- The Disability Discrimination Act (amended for school 2001)
- Code of Practice for Schools (Disability Rights Commission)
- Equalities Act 2010
- SEND Code of Practice 2015

We are committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles: and endorses the key principles in the NC 2014 framework and the SEND code of Practice 2015, which underpin the development of a more inclusive curriculum, setting suitable learning challenges, responding to pupils diverse learning needs and overcoming potential barriers to learning and assessment for individuals and groups of pupils.

Improving teaching and learning lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes.

It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been actively encouraged to attend age relevant after school clubs, leisure and cultural activities and educational visits, while the school takes all possible identifiable measures to facilitate access and create an enabling environment.

St. Mary's Catholic Primary School Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school in a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable. The Accessibility Plan will contain relevant and timely actions to:

- increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the non-disabled pupils; (if a school fails to do this they are in breach of duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits
- it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- improve access to the physical environment of the school, adding specialist facilities as necessary
- this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
